EXPERIENCE / PROJECTS

Law Firm Website

- Developed a comprehensive website for a law firm, showcasing legal services and expertise.
- Utilized HTML, CSS, JavaScript, and React to create an engaging, user-friendly interface.
- Integrated responsive design to ensure accessibility across devices, enhancing client engagement and experience.

Online Store

- Created an e-commerce platform, "Elegance Essentials," specializing in hair care, beauty products, and stretch mark lotions.
- Built with HTML, CSS, JavaScript, and React, focusing on a seamless shopping experience and secure payment integration.
- Designed a sleek, intuitive layout that increased customer satisfaction and boosted sales.

Creative Design Website

- Developed "DesignMaster Studio," a portfolio website to showcase freelancing services in logo design, web development, and business registration.
- Implemented using HTML, CSS, JavaScript, and React to provide a visually appealing and easily navigable platform.
- Enhanced client acquisition by offering a one-stop solution for creative and business services.

Nail Salon Booking App

- Designed a booking app for a nail salon, streamlining appointment scheduling and reducing no-shows by 30%.
- Developed with HTML, CSS, JavaScript, and React, incorporating features that automatically manage late appointments and client reservations.
- Delivered a user-friendly interface that improved booking accuracy and client satisfaction.
